Yours in Fire Safety, Acting Fire Official Timothy Shannon, and Michael Brezee Fire Prevention Specialists. I had sent out an email requesting resumes for an inspector. Comm. McManus: No, I'll get them because I have to program them.

Apparatus – Comm. McManus

Comm. McManus: The Cascade went to air power this morning, it is going to have the air bottles taken out and repair work done to the containment system and should be back tomorrow without the bottles so we can still use it as a Utility. It is going to be about a week before the bottles are done, then we will have to run it back up install the bottles. The mechanic has been doing some piece work on some of the trucks, nothing major. Squirt had some work done to it. He needs to come back to adjust the cradle alarm. He adjusted it the other day but he adjusted it too close. The noise that was in the Squad has been fixed at \$1,200.

Comm. Ruth: Was that the speaker?

Comm. McManus: It was a speaker. We have narrowed it down to a sending unit.

Computers – Comm. McManus

Comm. McManus: Justin is supposed to be giving me a list of stuff he needs for the end of the year. And we are going to start picking up a couple of the Surface Pros and try to get some of them installed.

Building Maintenance / Grounds – Comm. Hans

Comm. Hans: Kathy called me and said there is a leak in the roof back there. I was going to bring my fan over today but I didn't get a chance to bring that tonight. So, I will bring that over tomorrow and get that dried up. It looks like the gutters are clogged again. We will get someone up there to check them and clean them; it looks like it is running down the back of the building. I will take care of that in the next day or two.

Health & Safety – Comm. Hans

Comm. Hans: Interstate Mobile was out October 2nd. Everything went fine. I believe there is 3 or 4 that did not show up for whatever reason, couldn't make it out there. Other than that everything went fine, that day. I stopped at the beginning and talked to her at the end. The eye station cartridges were replaced in Station 1, 2, and 3. They are all marked. And hopefully no one pulls them again. A couple of them are outdated. So they are all replaced in all 3 stations. First Aid kits were updated. I went in there any updated Station 3 and Station 1. I do have the rest of the stuff for Station 2. I'll go over there. I just need to go switch it out. There is one thing missing out of there. I forget what the item was. I have it marked down.

Capt. Dimitri: Do you want me to take it from you? I am going back there tonight.

Comm Hans: I don't have them in this car. They are in a different car. Are you going to be back there tonight? I will see how much time I have; maybe I'll run it back. But I do have that information. If there is anything outdated or something I missed, just let me know.

Chief's Report – Chief Beeler

Chief Beeler: The report was read aloud by Chief Beeler, a copy is attached to the minutes.

Dep Chief Polifrone: We sent two crews to Pine Hill Thursday night into Friday morning for a structure fire. Chief Beeler was in attentive as well as me. Both of our crews performed extremely well under significantly adverse weather conditions as well as the proximity of the fire scene to where the apparatus were parked which was approximately a quarter mile away downhill. So going back uphill was an issue and there were firefighters from other departments that were actually sitting on the side of the road because they were exhausted from trying to get back up the hill. In particular, Firefighter Llanc and firefighter Stickney are going to be complimented by myself for their job that evening.

Comm. McManus: I don't know why they didn't put some of the apparatus on Atlantic Ave. All they would have to do is walk across the railroad tracks.

Chief's Report – continued

Capt. Dimitri: You can't they put a fence up. They put a fence up there now, the backside, because of people riding dirt bikes and quads over it.

Chief Beeler: The fire was actually ended up being in Clementon and the Pine Hill fire box brought a whole lot of apparatus there and then it started raining. It hasn't rained like that in a long time. It was bad. At one point it was raining so bad that we were going to turn the water off and let the rain put the fire out. It was doing a better job than some of the hose nozzles were. It was a vacant house; it was covered with trees and other brush. I know I took a chainsaw and cut some trees to get next to it. I know Keith and the rest of them were working.

President's Report – Comm. Ruth

Comm Ruth: Any President's present? (hearing none)

Borough of Lindenwold – Councilman DiDominico

Comm. Ruth: Councilman DiDominico is not present.

Solicitor – R. Tavani

Sol. Tavani: Good evening, Commissioners, Mr. Chairman. We have two resolutions tonight. We need action on the Resolution State Health benefits program.

Resolutions – Comm. Ruth

Comm. Ruth: Resolution 2018- 25 for the local employers to offer incentive under the state health benefits program. This is for our new employee Tiffany Beach. Do I have a motion?

Motion made by Comm. McManus, seconded by Comm. Paul. Any questions? (hearing none)

This resolution is contingent that the architect can be here.

Old Business – Comm. Ruth

Comm. Ruth: Do I have a motion to accept the contract for Tiffany Beach with the Board of Fire Commissioners?

Motion made by Comm. McManus, seconded by Comm. Paul.
Roll call vote, Comm. Hans, abstain. Comms. McManus, Paul, Weindel, Ruth. Yes.

Comm. Ruth: Any other old business?
(hearing none)

New Business – Comm. Ruth

Comm. Ruth: The only other new business is the next budget workshop will be November 12, 2018 at 7:30pm in the back office. This will be the second Monday of November. I do believe that Steve Burns from Koerner & Koerner the accountant will be here.

Comm. McManus: Do we want to set a date for the election for the Utility? If we do it November 10th, it is the Saturday before our budget meeting. This way we can finalize the stuff at the budget meeting.

Comm. Ruth: Sounds good to me.

Comm. McManus: Is that okay with you Kathy?

Cl. Crockett: Yes.

Comm. McManus: That has to be 8 hours?

Comm. Ruth: November 10th.

Cl. Crockett: 2-9pm. You have to do it just like an election.

Sol. Tavani: Is this to vote on the pick up?

New Business – continued

Comm. Ruth: Yes

Sol. Tavani: You need a ballot question. I will need specifics as to the type of vehicle and also the price.

Comm. Ruth: Not to exceed \$50,000.00, I believe is what it was off the state contract.

Sol. Tavani: I can propose the ballot questions that will be considered by the voters and notice to the electors which will have to be posted in a number of places around the borough. So proposed date is November 10th? I will need a resolution to set the date for the election.

Cl. Crockett: Once you get prepared I will advertise it.

Comm. Ruth: Do I have to do a resolution for the vote?

Sol. Tavani: We need a resolution now so we can get this done.

Comm. Ruth: Does anyone else have any other new business? (hearing none)

We were advised by the Solicitor that we need to have a resolution for a special election for a Utility pickup truck, not to exceed \$50,000.00 off the state contract, which will be resolution 2018-27.

Do I have a motion?

Motion made by Comm. McManus, seconded by Comm. Paul to accept Resolution 2018-27

That date will be November 10th, 2018 from 2-9pm at 2201 Bangor Ave Lindenwold in the office.

This office with the help from Lindenwold Fire Department assisted with Lindenwold Day on September 22, 2018. We inspected the food trucks gave out fire prevention materials and inspected the public fireworks display that night. We had our Fire Prevention Night on October 10, 2018. In the morning we went to School 4, 5 and the Pre K and did our fire prevention classes. In the afternoon we set up at Fire Station 2 on Scott Ave for our open house from 7-9pm. We had a good turnout from our residents. I would like to thank all the FD members that gave their time to help out for Fire Prevention Day. I received a request for a fire report from 124 State Ave on November 22, 2017. They paid the fee. As of October 15, 2018 we received Non-Life Hazard fees \$16,885.75 Late Fees 1,788.75 and permit fees 995.00. The State LEA rebate for the year is \$ 5,950.90.

September Training Report

Again September was another slow month for the training department between the Convention and all the rain we received. September 20th was Vehicle Extrication tool lab, and basic stabilization and that was held in the training pit and ran by Lt. Maldonado. We received the BlastMask that we ordered, they are all labeled and checked in and are ready to be used. We had our last quarter training meeting and the rest of the year is scheduled out. Myself and Commissioner McManus did speak about getting the training containers roof done so we can put all the tools and equipment back in without worry of the weather ruining it. If the commissioners would like I can contact different contractors to give us a quote for the job. Voorhees Fire Department trained on the roof simulator and were very appreciative. When they were complete they cleaned up the scrap pieces of wood and restored the roof with new wood that they brought. Respectfully submitted, Captain/Training Officer DiMitre, Captain Burns, Lieutenant Maldonado.
